

Project Demo Planning

Date	2 July 2026
Team ID	SWTID-2026-7714
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Project Introduction	Introduce the Credit Card Approval Prediction project, explain its objective, team members, and the need for automating credit card approval using Machine Learning.	5	Shaik mohammad rayan (Team Lead)
2	Problem Statement	Explain the challenges of manual credit card approval and how the ML model helps make faster and more accurate approval decisions.	5	Shaik Mohammad Rayan (Member 1)
3	Solution Overview	Describe the proposed ML solution, project workflow, model training, and prediction process.	7	SHAIK MOHAMMEDALI (Member 2)
4	Dataset & Preprocessing	Explain the dataset, handling missing values, encoding categorical data, feature selection, and data preprocessing before training.	7	Shaik Mohammad Rayan (Member 3)
5	Live Feature Demonstration	Demonstrate entering applicant details (Age, Income, Credit Score, etc.) and show the prediction result (Approved or Rejected) in real time.	15	SHAIK MOHAMMEDALI (Member 4)
6	Results & Evaluation	Present the model accuracy, prediction results, and explain the project's overall performance and benefits.	8	Shaik Mohammad Rayan (Member 5)

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduce the project, team and problem, explain objectives and scope.
2	Solution Overview	Explain the solution architecture, modules and technologies used.
3	Live Feature Demonstration	Demonstrate key features: user input, prediction, results and other functionalities.
4	Q&A Session	Address queries from the audience and conclude the demo.
